33rd meeting

14 June 1954

Dear Kirk:

At the Career Service Board meeting you said (this comes from the transcript) "I also would like to move that a formal note of thanks be issued by the Board to the Task Force members, including the usual statements to go into their records with our very great thanks for a long task arduously pursued." Since I am one of the members of the Task Force, it is obvious that I can not prepare such a note for you!! The Task Force members are Measrs. [REDACTED]
